Other Updates & Reminders:

- Beginning 7/27, specific pages in UCPath will appear as “read only” between the “stop” and “resume” dates/times on the UCPath Production Processing Schedule.
  - PayPath transactions will be displayed as “read only” for any employee being processed in the current pay cycle.
  - The Mass PayPath Approval page will be displayed as “read only” for all employees
  - Review the Frequently Asked Questions for more information
- Job configuration changes and location specific configurations can be viewed on the Location Support Site

Did You Know? HR Smart Templates do not have global (non-US) address logic

- This means global addresses may not map over correctly from HR Smart Templates to UCPath
- When working with employees with a global address, we recommend asking the employee to log into UCPath to verify and update their address if necessary
