**Warning - W-2 and Phishing Scam Reminder**

Tax season is coming and scammers may have begun sending fraudulent emails that look like legitimate tax communications. The IRS estimates that identity thieves have stolen more than $11 billion through tax fraud since 2012.

- UC does not send actual W-2 statements to employees by email or text.
- If you receive an email or text that has an attachment for viewing your W-2, it is a phishing scam designed to gain your private information.
- Scammers may also send emails with fraudulent links. Do not open any attachments or click on any of these email links.
- To access your electronic 2017 W-2 statement, always go directly to AYSO using a safe/known link and log in.
