Did You Know? Benefit premiums are collected in advance

- Examples:
  - Monthly employees: November benefit premiums will be deducted on the October 1 paycheck
  - Bi-weekly employees: November benefit premiums will be deducted from the first two paychecks in October
- If an employee makes a change that increases or decreases benefits premiums, UCPath will reconcile the change and add an adjustment to an upcoming paycheck as appropriate
- When employees go on leave without pay and become responsible for paying the employee or total benefit premiums, UCPath will generate bills directly to the employee (known as benefit billing)
