UCPath Changes & Enhancements: December 17, 2021 – January 7, 2022

UCPath recently implemented the changes listed below.

Benefits

Summary	Date
Updated the system to prevent incorrect termination of full eligibility retroactively when a termination row is inserted	01/06/22

Cognos

Summary	Date
Removed the date prompt on the R-349 - Job Codes Summary Report	12/22/21

General Ledger

Summary	Date
Corrected SCT data discrepancy errors and sent updated information to the Reporting Instance.	12/22/21
Modified the SCT page to prevent users from submitting SCTs when there are no FAU changes or earnings adjustments between the same ERNCD FAUs	01/06/22
Implemented a fix to prevent the earnings account mapping page from timing out	01/06/22

PayPath

Summary	Date
Resolved the issue where PayPath was defaulting both UCHRLY and UCANNL on the comp rate codes, which cannot be edited by the locations.	01/06/22
Resolved the issue causing a "fatal PeopleCode SQL error" when a PayPath transaction included an FTE change for an employee with JED and their last job data record is a pay rate change	01/06/22
Resolved the issue preventing the FTE from updating correctly when a retroactive PayPath Position change was processed	01/06/22
Resolved the issue causing an incorrect FTE on future rows when a PayPath transaction was processed for a historical data change	01/06/22

Payroll & Compensation

Summary	Date
Updated the 2022 indexed dollar amounts for tax-qualified retirement plans	12/21/21
Updated UCPath federal and California state tax tables with 2022 tax rate schedules	12/29/21
Implemented the NX 3% range across-the-board increase effective January 2022	01/04/22
Resolved the issue where the termination date for an employee was being sent to Tracker through the I-380 message from an incorrect employee record number in some instances. The employee record is now part of the criteria for determining the termination date to send to Tracker.	01/06/22
Resolved an issue with the search match that was being used with the E-346 Mass Hire Process to ensure employees are hired on the correct record.	01/06/22
Resolved the issue causing the cubicle field not to display on the HR smart templates when it already exists for the employee on their UC Job Record	01/06/22

TAM

Summary	Date
Corrected an error with the sequence numbers that displayed in applicant emails	01/06/22
Corrected the search record to allow the appropriate chief/chair results to display for selection on the UC Recruiting Info page	01/06/22
Updated the system to correctly update the applicant type when an applicant is rehired.	01/06/22
Resolved the issue preventing Manage Job Opening personalization from saving	01/06/22
Updated the system to ensure all applicants are displayed appropriately when using the search applicant functionality	01/06/22

UCPath

Summary	Date
Resolved the issue causing PeopleSoft menus not to work correctly	12/20/21
Resolved the issue causing employees to receive an error message when updating their gender identity	01/05/22
Resolved the issue generating an error when new employees tried to update their veteran status	12/20/21
