UCPath Changes & Enhancements: June 24, 2022 – July 1, 2022

UCPath recently implemented the changes listed below.

Payroll & Compensation

Summary	Date
Resolved the issue causing JED codes not to be saved when a smart HR template transaction was processed for an employee with future dated rows in job data	06/26/22
Added options to the academic duration of appointment field to identify 1, 2 or 3 year commitments for Unit 18 appointment tracking. Users should make the appropriate selection on the templates when processing a hire.	06/30/22

UCPath

Summary	Date
Updated the Payroll Configuration Codes in Quicklinks	06/29/22

TAM

Summary	Date
Updated the system to send a notification to the recruiter and hiring manager when a job offer is rejected	06/24/22

Other Updates & Reminders:

- Job configuration changes and location specific configurations can be viewed on the Location Support Site
