This job aid shows an example of an employee whose Federal tax was over withheld on a paycheck and the refund that was issued by UCPath Center.

In the **After-Tax Deductions** section, the employee’s **Net Pay Adjustment** of $4,357.20 is the net amount of the check and the **Net Pay Distribution** amount of $112.66 is the amount of the refund.

The employee receives two payments or direct deposits: one for the **Net Pay Adjustment** and one for the **Net Pay Distribution** amount.
