

The Navigator is provided to UCR staff who have operational responsibilities in the areas of Human Resources, Academic Personnel, and Business & Financial Services to convey key information on the UCR FOM|UCPath project implementation.

UCLA/SB GO LIVE UPDATE

UCSB and UCLA are now transacting in UCPath. UCR has been monitoring the conversion process and, as a result, has identified some new issues. We continue to work with the UCPath Center on resolving issues including the delayed nightly run and diminished system performance. With the addition of thousands of new clients, the UCPC has also been experiencing an increase in calls and cases which has significantly impacted their services and hold time. We are aware of the inconvenience that this may cause our campus and would like to once again thank you for your continued patience and understanding.

OPEN ENROLLMENT

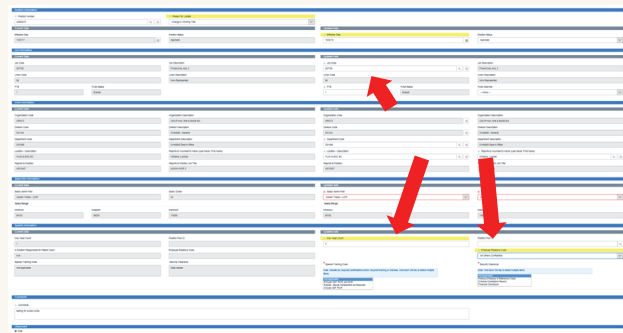

Open Enrollment begins at 8 a.m., Thursday, Oct. 25 and ending at 5 p.m., Tuesday, Nov. 20. Your Open Enrollment website and booklet will be available the week of Oct. 22, with all of the details about your options and costs, and what's changing in 2019 on the UCPath Portal.

LOCAL SYSTEM ENHANCEMENT

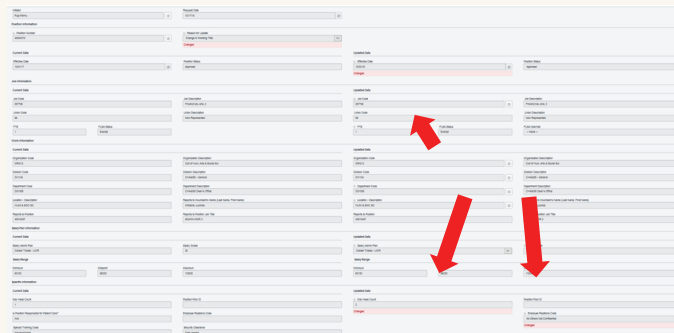

SERVICELINK

Changes to the Update Position Form will be put into production on Thursday, October 18th and available on Friday, October 19th. Now changes made by the Initiator will be highlighted for the SSC Fulfiler to easily identify what has been updated.

a. Once the Initiator updates a field, the information will be highlighted in yellow to indicate there has been a change.

b. Once the form is submitted, the SSC will see all the changes highlighted in pink with a comment that there has been a change.

HRDW

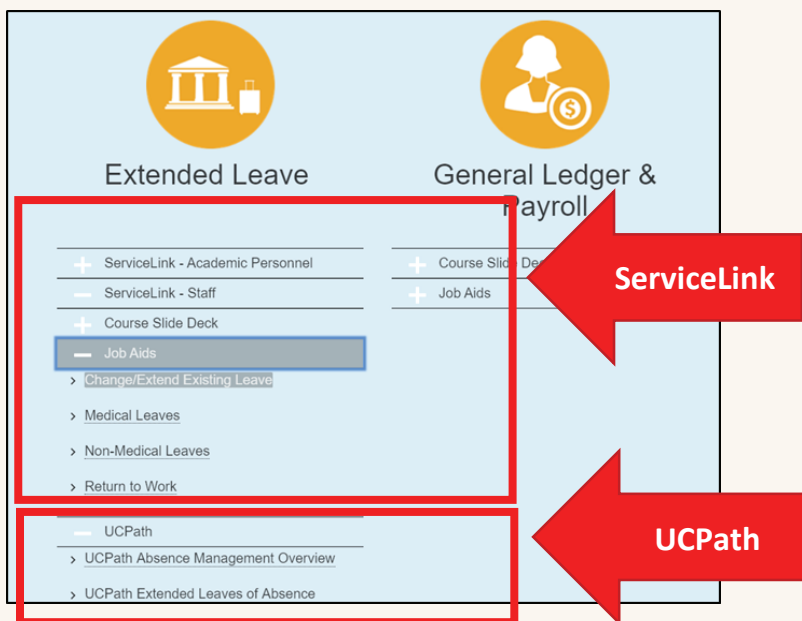

Significant HRDW enhancement has been submitted to test and is expected to go to production in next couple of weeks.

CLIENT EXPERIENCE SURVEY

This survey will be distributed to operational staff within the next few weeks. It is designed to inform campus leadership of your thoughts regarding the FOMIUCPath Implementation. Your opinion of the services is critical to understanding how to help UCR grow and improve the FOMIUCPath Project. Please be on the lookout for this survey.

TRAINING

The FOMIUCPath Training Resources webpage has recently been redesigned to increase accessibility. Categories are now displayed in alphabetical order and contain training documentation for both ServiceLink and UCPATH systems. Simply click on the +/- symbols to expand/minimize the content. Job aids, course slide decks and other training materials are available for download on this site 24/7.

New items added to the FOMIUCPath Training Resources webpage include the HRDW Data Dictionary (located under Tools and Navigation > HRDW). The Data Dictionary will download as an .xlsx file that can be saved and manipulated locally. The Data Dictionary aims to provide definitions of HRDW/UCPath fields as well as descriptions/definitions for all possible data outputs. Additional information on the Data Dictionary, its purpose, and intended usage is available from this slide deck, also available from the same section of the Training Resources page.

Also of interest is the Workers' Compensation section, available under the Extended Leave section of the Training Resources webpage. A recorded webinar version of the in-person course recently offered is now available through the LMS. Forms necessary to successfully submit a Workers' Compensation request in ServiceLink and UCPATH are also available for download from the Training Resources page. This includes the Workers' Compensation Election Form and the UCPATH Workers' Compensation Alternative Work Schedule/Shift Differential form.

Any questions, concerns, or feedback regarding FOMIUCPath training can be sent to fomucpathtraining@ucr.edu.

UCPATH-GL UPDATE

Thank you for all of your continued partnership and feedback on the general ledger-UCPath related systems and processes. The update below contains important information regarding the general ledger and September month-end closing.

UCRP SUPPLEMENTAL INTEREST ASSESSMENT
